FALCON RIDGE

3510-1 Port Jacksonville Pkwy, Jacksonville, FL 32226
800-213-7981

**Instructions for Installation and Care of**
**Kawasaki 2016 Teryx 4 Soft Door Kit**
KAW-16TERYX4-SDK01

**Notice: Do not smoke inside the cab or expose the enclosure to direct flames. Cab is Flammable.**

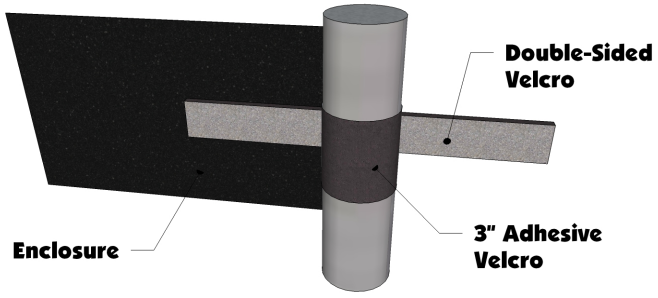
1. Be sure to read these instructions thoroughly before opening and installing the cab enclosure. The installation is best done when the temperature is 70 degrees F. or warmer. The temperature affects the adhesive Velcro, if conditions prevent installing in warmer weather it helps to store the adhesive Velcro at room temperature prior to installation.

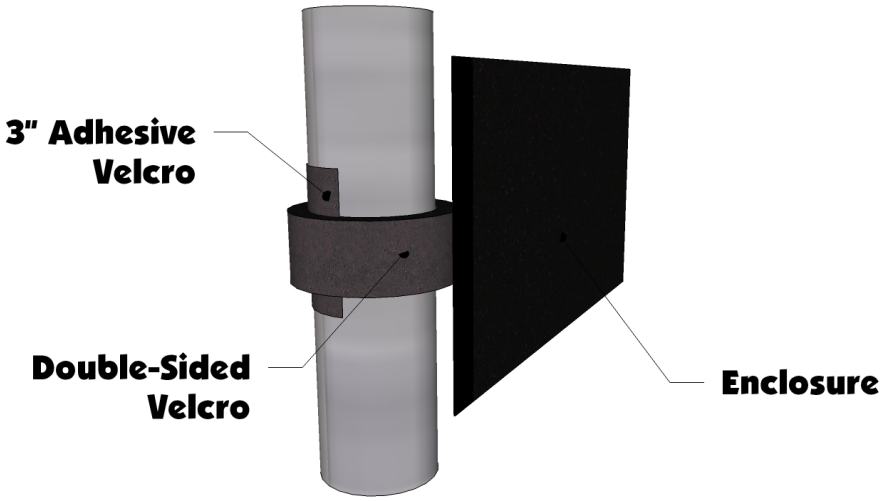
2. Carefully open the carton and remove the enclosure on a large flat surface that is clean and free of dirt.

3. Check over the parts included in the carton with the parts list shown below:

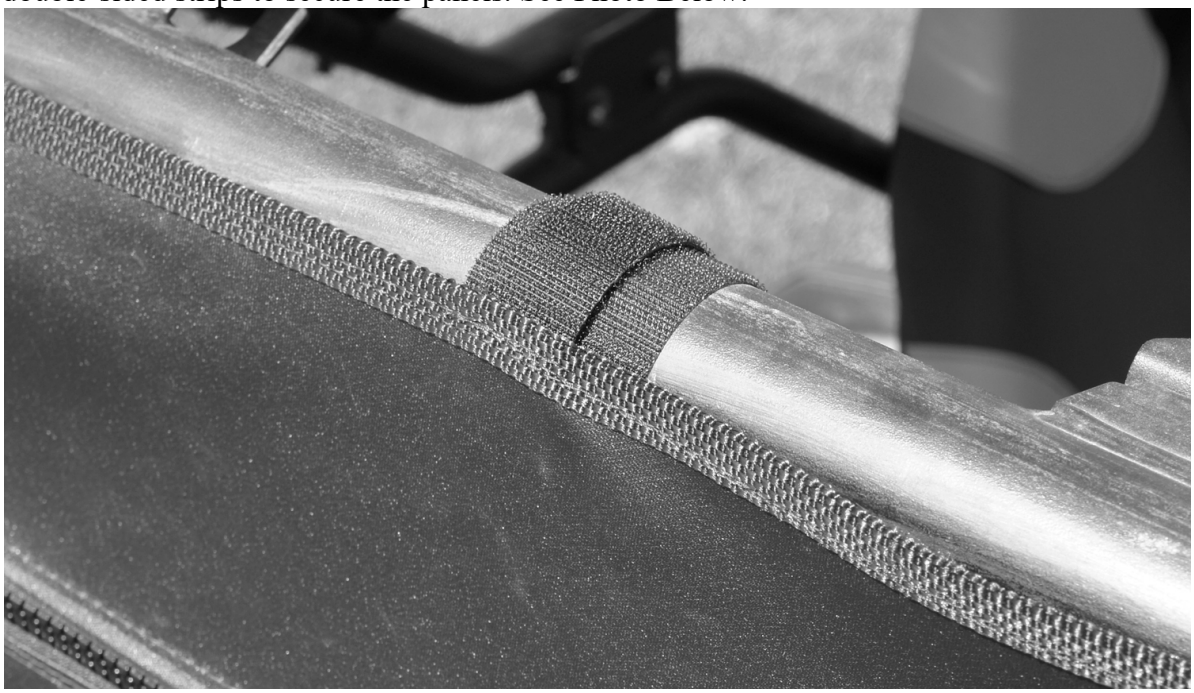
| | |
|---|---|
| Adhesive Velcro Hook Strips: | 26 each----------3” |
| “ “ “ “ | 2 each ----------40” |
| Snap Screw Studs | 18 each (2 Extra) |

4. Begin by installing the side door panels by using the double-sided Velcro strips sewn around the edges to attach the panel to the vehicles roll cage. To use the double-sided Velcro strips you must first wrap the roll cage with a 3” piece of adhesive Velcro supplied with the cab. Then you wrap the double-sided Velcro strip around the roll cage and the adhesive strip to hold the door in place securely. The photos below show how this should look.





5. To hang the side panels begin by holding the sides up and marking the locations double-sided strips on the roll cage across the top of the panel. Then lower the panel and adhere the 3" adhesive strips to the inside of the roll bars. Next raise the panel back to the roll cage and wrap the double-sided strips around the roll cage where the adhesive strips were placed. Now continue around the entire door panel placing the adhesive strips and wrapping the double-sided strips to secure the panels. See Photo Below.



6. Next step to install the side door panels is to install the snaps along the bottom of the door panels to the plastic doors on the Teryx 4. As you will see there are four snaps that attach to the outside of the vehicle and six snaps that attach to the inside of the plastic doors. **INSTALL TIP: The best method for properly installing the snaps is to first place the screw stud into the socket on the door panel. Then pull the door tight to where it should be and push the end of the screw stud into the plastic hard enough to leave a mark. Then pull the screw stud out of the socket and screw it into the plastic where the mark was left. We recommend a screw driver and not a power driver so as to not strip out the plastic.** See Photos below:

Cleaning and Storage Recommendations:

1. Before removing the Falcon Ridge for storage, make sure it is very clean in order to prevent scratching of the window panels. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Never rub the windows with a dry cloth or rag! Let the Cab dry thoroughly before attempting to roll for storage.

2. It is important that the Cab be rolled up for storage rather than folding. Folding will cause damage to the windows!!! Carefully roll up the Cab similar to the way it was when it was packed at the factory On a large, clean and flat surface, fold the doors over the rear panel first, then, interleave the top and windshield on top of the doors. Begin rolling the Cab into a roll approximately 8 inches in diameter. Put the rolled Cab back into the carton for storage at a normal room temperature. It is best not to expose the Cab to either extreme hot or cold temperatures when storing.

3. A special cleaner conditioner is available from Falcon Ridge that will greatly increase the service life of the Cab Enclosure. In addition, if additional hook and loop sets are needed, they can also be ordered.

# Return Policy

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

**All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.**

If ordered from Falcon Ridge please call at 800-213-7981 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Falcon Ridge without a return authorization number will be charged a 20% restocking fee**. If ordered from one of Falcon Ridges many distributors', you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund**.) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
