Instructions for Installation and Care of Yamaha Rhino **Soft Door Rear Window Combo**

YA-Rhino-DRW01
Full Doors

Notice: Do not smoke inside the cab or expose the enclosure to direct flames. Cab is Flammable.

1. Be sure to read these instructions thoroughly before opening and installing the Yamaha Rhino Cab Enclosure. The installation is best done when the temperature is 70 degrees F. or warmer. If installed outside and in the cold weather, warming the adhesive Velcro strips inside just before installation is recommended.
2. Carefully open the carton and remove the rolled up Cab Enclosure on a large flat surface that is clean and free of dirt or other material that may soil or scratch the windows of the Cab.
3. Check over the parts included in the carton with the parts list shown below:

Velcro Hook strips:	18 each	3" long
" "	6 each	5" long
" "	2 each	10" long
" "	2 each	16" long
" "	2 each	20" long
" "	1 each	40" long
Cab Enclosure	1 each	
4. Before installing the soft door rear window combo, you must first remove the hard windshield and top. The enclosure installs under these items and must be installed first.
5. Begin by installing the 40" Velcro strip. Place the 40" strip along the rear bar that runs side to side across the top, this strip should be placed facing the front of the Rhino.
6. Next pull the doors up on each side and mark where to place the three 5" strips at the top of each door. Once you have attached the top of the doors the cab should be hanging in the approximate location that it will need to be. Before going any farther be sure that the cab is centered correctly and that each door is lined up to the frame evenly.

7. Now work your way around the enclosure placing adhesive Velcro strips on the rollcage to match the appropriate tabs.
8. The 6” adhesive strips work with the double-sided Velcro sewn perpendicular to the edge of the doors. At these points you wrap the 6” strips around the circumference of the bar and the wrap the double-sided strip around the adhesive strip for a secure hold
9. Now replace the windshield and top, if at any point a Velcro tab meets up with a windshield clamp, just cut out a portion of the tab to fit around the clamp. Be sure to melt the edges with a lighter to prevent fraying.
10. To open and stow the doors, move the zipper fully rearward and fold the bottom portion of the doors up. Then begin to form a vertical roll with the door by rolling it inward from the front edge toward the rear of the door. Secure in place using the two hook and loop straps provided. Try to form a roll approximately 2” in diameter to assure that the door will not stick out very far while stowed.

Cleaning and Storage Recommendations:

1. Before removing the Falcon Ridge Cab for storage, make sure it is very clean in order to prevent scratching of the window panels. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Never rub the windows with a dry cloth or rag! Let the Cab dry thoroughly before attempting to roll for storage.
2. It is important that the Cab be rolled up for storage rather than folding. Folding will cause damage to the windows!!! Carefully roll up the Cab similar to the way it was when it was packed at the factory. On a large, clean and flat surface, fold the doors over the rear panel first, then, interleave the top and windshield on top of the doors. Begin rolling the Cab into a roll approximately 8 inches in diameter. Put the rolled Cab back into the carton for storage at a normal room temperature. It is best not to expose the Cab to either extreme hot or cold temperatures when storing.
3. A special cleaner conditioner is available from Falcon Ridge that will greatly increase the service life of the Cab Enclosure. In addition, if additional hook and loop sets are needed, they can also be ordered.

Return Policy

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.

If ordered from Falcon Ridge please call at 800-213-7981 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Falcon Ridge without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Falcon Ridge's many distributors, you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
